

HUMAN TABLE

No. of Scouts: 4 plus 1 volunteer

Equipment: Water jug with water in it. 4 glasses. 4 chairs

Set the chairs up around an imaginary table. Ask for a volunteer to act as a table. They can either kneel or go onto all fours, so long as they have a horizontal back. Pour a glass of water for each scout who is sitting on a chair. Scouts chat to each other as they put their full glasses on the volunteer's back, along with the jug. They then get up, take a chair each and say, "Goodbye," before exiting the stage in different directions leaving the hapless volunteer trying to work out how to escape without getting wet.
