

WHAT HAS TWENTY FEET...?

No. of Scouts: 2

Sitting round campfire.

Scout One: What insect has twenty feet, large evil-looking eyes and extremely sharp fangs?

Scout Two: I don't know. What insect does have twenty feet, large evil-looking eyes and extremely sharp fangs?

Scout One: I don't know either, but what I do know is that there's one climbing up your neck! (Both scouts run offstage screaming.)
