

LAWNMOWER

No. of Scouts: 2 plus 1 volunteer

Scout One (trying to start a lawnmower): I just can't start it. (Make "rum, rum" noise each time the cord is pulled.)

Scout Two: It's no good. We need someone to help us. (Select someone from audience.)

Scout One: Go on, you have a go. (Audience member copies scout one in trying to start the engine. Once they've pulled the engine cord...)

Scout One: Rum, rum rum, RUUUUUM! Perfect. How did you do that?

Scout Two: Easy. All it needed was a proper jerk.
